ALL SORTS.

D. L. Bliss and wife returned from below yesterday.

The Sportsmen's club launched a new sailboat at Washoe Lake yesterday.

It is claimed that the Janin process will revolutionize the reducing of ores on the Comstock.

The Hawthorne people are getting up a tug-of-war between Chinamen and Indians. Al McCarthy umpire.

The colored boy arrested by Sheriff Bottsford on a description from Reno proved to be the wrong man, and was released.

There is a big blizzard in North Dakota and winter weather has set in. The Indian Summer is still on deck in this State.

The dance given by the Catholic ladies at Odd Fellows' Hall last evening gave everyone a good time and was largely attended.

In the case where Jacob Teeter was killed a few nights since in Truckee by James Reed, the coroner's jury found a verdict of self defense.

Daniel Gardner, an old man convicted of a criminal assault on a little girl in Sacramento has been sentenced to five years in the penitentiary.

The Oakland Times thinks that San Francisco ought to clean its streets and pave more of them before asking a National Convention to come there.

The curfew bell shall ring tonight—says Sheriff Bottsford, and the boy who don't hear it will be in the cooler laid away to there await the break of day; thus the law will be enforced.

The Eureka Sentinel says that the oldest Indian wigwags in these parts predicts a hard winter. The peanut crop has been good and the ground squirrel is burrowing deep. That settles it in the untutored mind. We pit our "Injin" against General Irish as a weather prophet.

Officer Mearthy, from San Juan, San Benito county, attempted to arrest a woman and her four sons, who traveled about the country in a wagon, but who were charged with theft, when they opened fire on him. The woman started after him with an axe. He intended to shoot at the woman's arm, but a quick movement placed her body in range of his pistol, and she was killed. Mearthy went to Salinas and surrendered himself. He was wounded, and his hat and clothes had bullet holes in them. The sons have been arrested, but, notwithstanding they told a different story, and laid the blame on the officer, the latter was exonerated by the officers.

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used for children teething. It soothes the child, softens the gums, allays the pain, cures wind colic and is the best remedy for diarrhoea. Twenty five cents a bottle.

A trial is all that is necessary to warrant the use of "Lily White" Flour.

Townsendisms.

It is hard to make an Indian understand that you are not keeping a free boarding house and that your stock of matches, tobacco and old clothes is down to bed-rock.

One would say that the county hospital ought to be removed to Lundy. There are more mashed fingers, barked shins and bunged up heads in sight than can be seen on the night of a Donnybrook fair. Every other man carries some part of himself in a sling.

It is conceded that the husband of Mrs. John W. Mackey will be a candidate for U. S. Senator from Nevada. His wife desires to be queen of Washington society and therefore persuades poor John into politics. If he "stands in" he will go in to stay and the political sack will be a fat one, but he would rather shove a car into a Comstock mine than be United States Senator. To sit in the Senate Chamber and listen to the yawn of a lot of politicians would set him crazy.—Homer Index.

The School Children's Contest.

The question of "Who is the most popular school teacher in Carson" is beginning to agitate the youthful mind. The polls will not close until Dec. 1st. Many children came to the APPEAL office yesterday with the names of teachers written on paper ballots. These will not be received. The ballots must be cut from the APPEAL. It now stands as follows:

Mrs. Brumsey	9
Miss Martin	15
Miss Morton	2

ONE VOTE

—FOR—

MORNING APPEAL Teachers' Contest.

To close November 21, 1891.

The Hamilton Case.

The testimony in the case of Hamilton vs. the S. P. R. R. Co. was all in yesterday. The testimony of neither side differed materially from that introduced in the previous trial. The defendant attempted to introduce evidence showing certain rules and regulations of the road but the Court remarked that no evidence would effect the result except that relative to the ticket. The plaintiff held that the ticket was a first class, unlimited ticket, transferable and the defense that it was a first-class, unlimited ticket but needed a signature. The argument begins this morning at 10 o'clock.

Taking a Rest.

Everybody yesterday was talking of the admissions in the letter of Charlie Bicknell to Sardis Summerfield. A general consensus of opinion taken resulted in the idea that the fool-killer was taking a needed rest in Los Angeles when the letter was written.

COAST NEWS.

Sacramento is arranging for a tug of war.

The raid on midnight saloons and faro games in Sacramento progresses. The laws are to be rigidly enforced.

W. P. Mattson, the Mohawk, Plumas county gold-bar robber has been arrested in Pennsylvania and is on his way back in charge of officers.

William McNamara, a woodsman attempted to commit suicide at Eureka, Cal., by cutting his throat with a knife during a fit of temporary insanity caused by la grippe.

A Tucson jury has found Geo. Reed, who killed James Farrell at Nogales one year ago, guilty of manslaughter. Reed is sixty years old, and his age called for sympathy from the jury.

Witnesses in the Devine case at Sacramento, a contest originated by children by the testator's first wife, swore Saturday that the widow was never married but had lived with Devine for twenty years.

S. A. Mallory, D. V. Diamond, H. H. Pryke and H. A. Lusty have been indicted by the Grand Jury at Portland, Oregon, for conspiring to defraud the Government by fraudulently locating parties on Government land. They have operated extensively in Seattle and other cities of Washington.

Monday H. F. Farnsworth of Sycamore, Colusa county, aged twenty-two years, shot and probably fatally wounded his intended Miss Emma Neal, of Colusa. He then shot himself back of the ear, dying instantly. Farnsworth was familiarly called Bud and was a wild young fellow.

The schooner Henry Lawrence, 122 days from Dunkirk, arrived in the Columbia river Sunday. Four men on board the vessel were in a terrible condition with scurvy and were taken to the hospital. One of them, Michael Kane died in the afternoon. The others are lying quite ill but will recover. They tell a fearful tale of cruelty and suffering on the high seas.

Booming Mason Valley.

A fruit man in town yesterday told an APPEAL reporter that every thing in Mason Valley was booming. Last year he sold less than one hundred fruit trees there. During the past month he sold over ten thousand. This gives some idea of how the creamery is booming Mason Valley.

Empire Thanksgiving Shoot.

James Wiggins, the Empire rustler has secured 250 turkeys, ducks, geese, chickens and pigeons for a grand Thanksgiving shoot and has placed the fee down to the lowest rates.

Turkeys, 200 yards, 50c a shot. Geese at the same rate. Chickens at a distance of 50 yards, shotguns being used, with nothing heavier than No. 6 shot, 25 cents a shot. Birds must be knocked prostrate. Parlor rifle shooting, 50 yards, at turkey's head, 25cents per shot.

The sport will be conducted on a square basis and judges will decide differences on the spot. No one is barred from the contest and a special invitation is extended the Carson and Virginia sharpshooters.

In the evening a grand masquerade ball will be given in Wiggins' hall. Costumes can be secured in the ante-room of the hall and a line of new stables have been put up for visitors who come with horses. Mrs. Kohle, the caterer will spread a Thanksgiving turkey banquet during the dance and is located but a few steps from the pavilion. oc28d

There is no Secret

About your buying shoes to advantage. You may not know any more about the quality of leather than you do about a lost comet but that is no reason why you should get "stuck." Either you get your money's worth or you don't and if you don't is your own fault. We are in the shoe business because we happen to know something about shoes and leather. It is "bread and butter" to us, therefore we make it a STUDY. Of the knowledge you get as much benefit as though you possessed it yourself for we place it entirely at your disposal and if you think that other houses can quote lower prices than we do, come and look at the goods and prices. We will put our time against yours and we feel confident that the result will be a mutual benefit.
